TESTIMONIAL

As a person Sri Hariharan is upright honest hardworking and sincere. Running a big hospital is no joke what with a plethora licenses required. But with Hariharan around nothing is impossible. Hospitals have to deal with consumer rights issues. Problems arise about the negligence or nature of treatment. Hariharan knows how to handle these issues as the inside of his palm. In short he is an invaluable asset to any hospital. I would even say no hospital can run smoothly without his services.

Former Director - CBCID

Former Director - Vigilance and Anticorruption

Mr. Hariharan's knowledge on various aspects of administration was exhaustive. The one remarkable impression which Mr. Hariharan made on me was that he was a one man army for MIOT on administrative matters. A very pleasant person who enjoyed the confidence of his staff and his seniors.

Anoop Jaiswal IPS DGP (Rtd)

It is not a trifling matter that Mr. Hariharan has earned the trust and respect of his colleagues and of those he has worked for, diligently, for more than two decades and through so many challenging times. I have no hesitation in declaring that Mr. Hariharan is a man for all seasons, and for all the right reasons.
